Bank Rate Reduction Expected Soon

Paris. To-day. The recent drain of gold from France has now ceased and an early reduction in the Bank rate is expected.

An official statement issued by the Ministry of Finance confirms that M. Caillaux favours international stabilisation on the basis of the present parity of the franc, but suggests that he is now too preoccupied to deal with a stabilisation conference as he is at present absorbed in balancing the budget and the maintenance of the present rate of the franc.

Piano Stool

Handy In Kitchen And Saves Much Fatigue

An old-fashioned piano stool with a revolving seat that can be raised and lowered is better than a chair for use with a treadle sewingmachine. The seat can be quickly adjusted to the most comfortable height, and it swings round easily, allowing freedom of movement for handling materials. The stool also handy in the kitchen, where its use may save much fatigue during ironing, silver-cleaning pasty-making, and so on. An ordinary chair is too low, but the stool may adjusted to a height that gives the arms comfortable freedom and an easy reach over a dresser or table. If the stool is kept in the kitchen, the seat should be covered with Lancaster cloth.

ONE HAT SUFFICIENT FOR JOURNEYS

Berets May Be Included

One hat perferably packed for journeys, and one or two berets will serve you anywhere, except i countries where there is danger from the sun or on luxury cruises This is not written for the luxurious traveller, but for the woman of simple tastes who travels either on her own or on her husband's business or merely from wanderlust.

On The Road To Recovery.

After an illness care is essential during convalescence, to avoid a relapse which may have even graver results than the first illness. At this time the beneficial effect of

a reliable tonic is most pronounced, and the early return to complete health and strength depends upon your choice of such a tonic. The experience of many thou-

sands of ailing people of all nationalities who have been restored to health is the best possible proof of the reliability and efficacy of Dr. Williams' Pink Pills, the blood and nerve tonic with a record extending over's period of more than fifty VEALS.

If you are recovering from an illners or are feeling run down, begin a course of Dr. Williams Pink Pills. They are the prescription of a British physician, who many years ago realised that good health was dependent upon a plentiful supply of rich red blood flowing in the veins. Dr. Williams' Pink Pills rapidly create new, rich, red blood which is the primary need of an ansemic convalescent. They build up the digestion, overcome palpitation, dizziness, headaches, restore colour to pallid cheeks, bring new health and strength to the enfeebled frame. Equally good for men and women, they are also of great help to growing boys and girls. At chemists everywhere, you can obtain the world's most famous tonic.

"ROBERTA" KINGS THEATRE

A new musical picture. RKO-Radio's "Roberta," in which Irene Dunne Ginger Rogers, Fred Astrire and Randolph Scott are in the leading roles, is showing at the King's Theatre to-night.

The story deals with romance in a Paris gown shop, which is inherited by an All-American football player, Randolph Scott. He promptly falls in love with the beautiful head designer, who turns out to be an exiled Russian princess. She, of course, is Miss Dunne, who in the course of the film sings many song hits.

Astaire, as the dance band leader pal of the football hero, and Miss Rogers, as the toast of Paris night club patrons, do their part to make the gown shop the sensation of all gay Paree.

RAPIER' REVIEWS SEASON

THE 1935 racing season promises to be a red letter one in the annals of the Hong Kong Jockey Club, judging on the performances put up by both jockeys and ponies during the first half, which concluded last Saturday.

During the last four months of racing no fewer than twelve records, ten of which are credited to the Australian class, were shattered; Mr. Leo Frost claimed 32 wins, eclipsing even his own Valley records; twelve three-figure dividends were returned; and five "daily doubles" were worth over \$100 -one was unbacked.

The jockey who showed the most progress was undoubtedly Mr. Donald Black, who rode eight winners, excluding his "hat trick" on the Macao track. Striking his best form late in the season, Mr. Black fully justified the confidence placed in him by Dr. Reidy, most shrewd of all local trainers. Mr. Tang Man Wa, Mr. F. F. Li, and Mr. C. Taylor proved the most promising Novices, particularly the last named, who was given few good ponies to ride.

The season was also featured by the Jockey Club's action in debarring Mr. L. Dunbar's Liberty Bay, unbeaten China pony, and Mr. Fatshan's Able Amazon from the betting, and the subsequent defeat of Able Amazon at the hands of Mrs. E. H. M. Tinson's Bag Tor; Mr. Johnnie Heard's retirement after 25 years of riding in China; and Mr. L. P. Ralph's comeback at the last meeting after an absence of eight years - he previously rode with marked success for Jardine stables and Messrs. Hall and Shenton.

Looking over the records established by Australian ponies, the outstanding run is undoubtedly that of Mr. Pau's Sancy Face 8 when, with a weight of 153 lbs., he I covered the mile in 1.45. time is exceptionally good when one notes that Bahram, current held on dry and fast courses and favorite for to-morrow's Epsom were particularly fortunate as re-126 Ibs. the year was run on May 18, when Able Amazon (Mr. Pih) considered to be unbeatable, was well beaten by Bag Tor, Mr. Proulx making good use of Bag Tor's stout-hearted stamins and his light weight in a success ful attempt to steal the race.

No less thrilling was the dead heat win between Diana Bay (M: Frost) and King's Warden (Ma Marshall) in the Challenge Cu over 134 miles on February Riders and ponies fought out the hardest finish of the year, but the Kong. This is evidenced fre Chance, properly handled is the best

High Military Official Interviewed

TOO MANY RUMOURS

[From Our Own Correspondent]

Canton, To-day. Cantonese troops in Southern Kiangsi will remain there and will not be transferred back to Kwangtung, stated a high military official to press representatives on Sunday night. He denied that General Chiang Kai-shek wants to station his own troops in Southern Kiangsi.

This statement is prompted by repeated reports in Chinese newspapers in Hong Kong stating that the Kwangtung forces in Southern Kiangsi will be sent back to their native province to make room for the central troops. Such reports are stated to be groundless.

According to these vernacular papers, the recent return of General Yu Han-mou, general officer } commanding the troops in Southern Kiangsi, was in connection with the transfer of his units back to Kwangtung. Some of these papers hinted that big political develop-

MAKING TRAFFIC CONDITIONS IN LONDON SAFER

SUCCESS OF NEW MEASURES

REDUCTION IN NUMBER OF ACCIDENTS

London, To-day.

During yesterday's Commons debate on the vote for the Ministry of Transport, Mr. Hore-Belisha referred in particular to the safety measures taken on roads. Pedestrian crossings, of which 10,000 had been laid in London within three months, had, he said, doubtedly been responsible for a saving of life and limb.

It was notable that in London, where the safety measures so far had been chiefly concentrated, there had been a greater percentage of reduction in accidents than in the country as a whole. The speed limit had made for a safer and more agreeable flow of traffic.

ARREST ORDER The Peiping authorities urged the Japanese concession police to arrest the murderers, but, turning the tables, the Japanese military stated that the two newspaper owners were murdered by a Rightist political party having connections with a ranking Chinese leader.

General Yu has denied his support to the volunteers under Sun Yung-chin, who was recently killed in battle and who was beheaded as a warning to other volunteer leaders. In the circumstances, Canton leaders see no reason for the latest Japanese threats to Peiping and Tientsin.

The South-west Knomintang discussed this matter yesterday, but no statement was issued.

FASCISM'S TRON HAND

I find no ardent enthusiasm on the part of the man in the street for Fascism to-day such as was apparent everywhere ten years On the other hand. I discern no violent antagonism to it. The regime has become ar accepted fact.

Youths leaving the universities wear the badge, for they cannot get work without it. It is the passport which every male must carry if he wants to get on in life. The man in the street has no fault to find with this plan for universal service, for its need, he: thinks, is distressingly apparent at the present time, when all the talk is of war. But he does not take all the flag-waving and the every sense of the word. Beneath the surface there is very real apprehension and a feeling is essential to his safety.

Call To The Colours

As I write the lads of the 1911 class, who have been called to the colours, are moving on the railcarrying their belongings leather hand-cases of a uniform pattern, cheering and flags and banners bearing portrait of Mussolini. They seem to me much gayer and confident than the street throng which pauses and widens to let them pass, and watches them go by in silence, with intent eyes on their cheerful faces, and then as silently goes back to its own
